

Zeeshan Haider

React Js Developer | Frontend Developer

I am a **React.js Developer** with **6 months of experience** in **frontend development**. I specialize in building **responsive and user-friendly web applications**. Currently, I am working as a **Remote Intern** at **Precise Tec**, a Canada-based software development company, where I am gaining hands-on experience in **real-world projects, ERP, eCommerce, AI Search, Chatbot, MobileApp**. I am passionate about **clean code, modern UI/UX design, and continuous learning** to enhance my skills in the **MERN Stack Development**.
